Welcome!

There are two levels of writing prompts. The younger version are identified by the droid icon in the lower right corner. The cards with the Luke Skywalker figure are for older students.

If you had your own droid, what would it look like and what would it do?

Design your own lightsaber. What color is it, and what powers does it have?

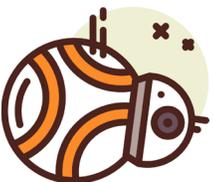

You've just boarded the Millennium Falcon. What do you see and do?

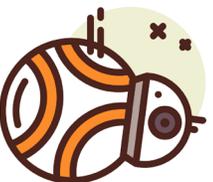

Create a new planet for the Star Wars galaxy. What lives there?

**pretend you're
training to be a Jedi.
Describe your first
day.**

**Would you rather join
the Rebel Alliance or
the Empire? Why?**

**Write a thank-you
note to Chewbacca
for saving your life.**

**BB-8 is lost! Write a
plan to help find and
rescue him.**

Describe what it's like to ride in a podracer.

The Death Star is coming! How would you warn your planet?

Would you rather join the Rebel Alliance or the Empire? Why?

Describe what daily life is like for a person your age living on Tatooine. What are some activities you would enjoy?

Design a new droid using engineering principles-what tasks does it perform

Create a Star Wars-inspired commercial for a product in the galaxy.

Imagine you're a space botanist on Naboo. How would you study alien plant

If you could bring one Star Wars character to life, who would it be and why?

Design a new droid using engineering principles-what tasks does it perform?

Write a short story from the perspective of a Stormtrooper who begins to question their loyalty to the Empire.

Imagine you're a space botanist on Naboo. How would you study alien plant life?

Imagine you're a senator in the Galactic Republic. What issue do you passionately speak out about, what change are you trying to make?

How to Use the Following Pages

Color, cut along the dotted lines, and assemble with glue.

Optionally, color, cut along dotted lines, and use a brad to make moveable arms and legs.
